

SECRETS AND LIES

Lisa Simone/Sonny Troupé

Verse I

**I'll no longer bear witness
Nor will I participate anymore
I've done all I can
And it's cost me dearly
To this end**

**Nothing has changed
So much remains the same
It's in plain sight
Open your eyes**

CHORUS

**You're deaf dumb and blind
To what's going on
I'll no longer abide
The ties that bind me here
Can't you see the signs
Their all wrong
I can't stay in this house
In this house of lies
Secrets and Lies**

Verse II

**Been left no choice
My back's against the same wall
I've been beating my head on
Nothing I've said makes any sense**

**I'm damned if I do or if I don't
I have to leave
Even though it hurts me
I no longer belong here**

Chorus

**You're deaf dumb and blind
To what's going on
Can't you see the signs
Or am I the only one
Been on this ride
Far too long
I can't stay in this house
In this house of lies**

Bridge

**There's no doubt it's heavy here
Can't you feel it in the air
Just look around it's everywhere
You can cut the tension with a knife
In this house of Secrets and Lies**

MY EYES ARE OPEN
