

THE RECKONING

Lisa Simone/Hervé Samb

I

**You've got me feeling some type of way
You've got some reckoning to do
You've got me feeling some type of way
Reckoning's coming for ya
Cause nobody, no, no, no
Nobody does me quite like you**

II

**I've hung around a long time
Ain't nothin' more I wanna do (for you)
Promised myself this is the last time
I cry because of you
Nobody I know gets away with so much
No matter how much you get it's never enough
There's nobody quite like you**

III

**Everyone who knows you knows
You antagonize on the sly
Then when you get caught you cry
Can't nobody keep a straight face
Quite like you when you lie
When that don't work your feelings get hurt
Reckoning's coming
Reckoning's coming**

**Look over your shoulder
She's coming for ya
Nobody does me quite like you
(Like you Like you)**

REPRISE

**Nobody I know gets away with so much
No matter how much you get it's never enough
You're always complaining about something
There's nobody quite like you
Ain't nobody quite like you
Nobody talks to me like you do
Nobody treats me like you do
Nobody, Nobody, Nobody**

**Look over your shoulder
Reckoning's coming
Look over your shoulder
She's coming for ya
She's coming for ya
Reckoning's coming for ya**
