

TONIGHT

Lisa Simone/Hervé Samb

CHORUS

Tonight I let it all out
For the first time (for the first time)
For the first time (for the first time)
Tonight I didn't push it down
For the first time
And I feel better now
Feel so much better now

VERSE

Tonight I allowed myself to cry out loud
All by myself I let it out, all out
And I feel so much better
So much better resting there

CHORUS

Tonight I let it all out
For the first time (for the first time)
For the first time (for the first time)
Tonight I didn't push it down
For the first time (for the first time)
For the first time (for the first time)

Tonight I let it all out
For the first time
I didn't push it down
For the first time

Tonight, tonight, tonight, tonight

And I feel better now

Feel so much better now

For the first time

Tonight
